

**World Trade Week** is the largest series of events focused on international trade held in New York City. It presents a unique opportunity for your company or organization to reach a wide range of companies and professionals who devote their expertise to various aspects of trade.

The WTW 2023 Conference Main Event will be held on Wednesday May 10th and will be held live and streamed in the afternoon (times TBA) at Baruch College in Manhattan. There will be an informative panel discussion covering important trade issues as well as awards presentations and scholarship presentations. Coffee, tea and cookies will be served.

There are several other events which will be held throughout the month by several of our partners-corporations, trade commissioners and consulates. To learn more about the wide range of events offered, visit the WTW calendar as we start to ramp up at [www.wtwnyc.org](http://www.wtwnyc.org).

## **Sponsorship and Support Opportunities**
