

WORLD TRADE WEEK
NEW YORK CITY | MAY 1-31

Partner Reference Booklet

Each year, the President of the United States declares the third week of May as World Trade Week. Trade organizations, businesses, and other stakeholders come together both locally and nationally to promote and facilitate international trade in the U.S. economy. With a rich and robust international trade arena, WTW NYC has expanded, thanks to our partner organizations, to include a multitude of diverse activities during the month of May.

The New York City tri-state region's trade and transportation community celebrates *World Trade Week* by offering a full agenda of educational seminars, global business networking events, and international trade awards that recognize the exemplary achievements by practitioners in the field. *World Trade Week NYC* puts businesses and organizations in touch with invaluable opportunities and resources.

Locally-based organizations are invited to become Partners of *World Trade Week NYC* and support a vibrant local economy. Partners are the foundation of *World Trade Week NYC* and play an invaluable role. Participation as a Partner is at no cost.

This year, all activities will be in-person and virtual.

World Trade Week NYC Partner Benefits—Participation is Free!

Visibility

WTW NYC Partner logos, links, and briefs are featured on the 'Partners' page of the *WTW NYC* website (www.worldtradeweeknyc.org).

Promotion

Partners who choose to organize events during the month of May will have the additional advantage of having the event posted on the *WTW NYC* Calendar (wtwnyc.org). *WTW NYC* Steering Committee Members are happy to provide feedback to Partners and propose timely topics. Partners are not required to organize an event.

Network and Collaborate

World Trade Week NYC Partners benefit from attending the three Partner Meetings in the months leading up to *WTW NYC*, allowing them to meet with key players in the New York metro area trade and business community. Partners are encouraged to collaborate on events and develop other resources for the New York metro area international business community.

Discuss and Shape *WTW NYC*

Partner Meetings provide a forum for discussing important issues and trends in global trade and the demands of local businesses. The meetings therefore create an environment where broad themes are addressed, ideas are shared, and where Partner Organizations can receive feedback from other Partners and *WTW NYC* Steering Committee Members on proposed events or initiatives.

Nominate *WTW NYC* Awardees

Partners can nominate companies and organizations that have achieved excellence in a number of categories. Visit wtwnyc.org for more details and to download a nomination form or contact Lene Skou at lene.skou@baruch.cuny.edu.

Expectations for *World Trade Week NYC* Partners

By becoming a *WTW NYC* Partner your organization commits to actively contributing to *WTW NYC*. The success of *WTW NYC* depends upon Partner participation.

Partner Meeting Attendance

Partners must attend at least one Partner meeting.
